PROTEST OCCUPATION

German Workers Refuse to Voice Objections by Striking —Berlin Continues Quiet

Berlin, March 9.—Following a semi official announcement that the German Ambassadors at London, Paris and Brussels have been summoned to Berlin, it was reported here last night that the German Government has broken off all relations with the Allied governments, as a protest against the occupation of Dusseldorf, Duisberg and Ruhrort.

According to the Berlin Zeitung, the experts who assisted in preparing the German counter-proposals will try to find a basis for fresh negotiations should the Allies indicate a desire to resume the negotiations. These experts held a special meeting yesterday morning.

Twelve hours after the Allied advance into Germany Berlin remains quiet, on the surface at least. For a while it was feared the workers would yield to the persuasions of the Communists to go on a general strike as a protest to the occupation, but this plan was voted down by the workers.

President Ebert yesterday morning issued a formal proclamation in which he declared the Allies were violating the treaty of peace. He said that Germany was not in a position to oppose force with force and he called upon all Germans to meet the invasion with dignity and not to allow themselves to be driven into hasty action which might lead to bloodshed.

London, March 9.—Much mystery surrounds the sudden departure of the German Ambassador to Great Britain, Dr. Von Sthamer, for Berlin last night.

Neither the Ambassador nor his Embassy colleagues would confirm a report current yesterday evening that he had been recalled by the Berlin Government as part of a formal protest against the Allied occupation of more German territory, although Dr. Wilhelm, Mayer, German envoy in Paris and the German Minister at Brussels also left for Berlin yesterday afternoon.

Dr. Simons, the Foreign Minister, and his big staff left yesterday afternoon by special train. None of the German delegation took any stock in reports published in some conservative afternoon papers that within three weeks the Germans under the Allied pressure would come forward with better proposals. On the contrary, some of the principal German officials believe German traders will at once try to market much of their goods in adjacent neutral countries, including Russia, to thwart the Allies.

Await Analysis

Case of Henry Majors Colored, Goes Over—Till Chemist Reports Concoction

Charged by the police with violating the provisions of the state prohibition law, Henry Majors, colored, who lives on Mushpot road, was arrested yesterday by Sergt. Wilkinson and Policemen Durrer and Magner. The police took in custody a quantity of liquid in bottles. It will be sent to the state chemist for analysis.

Majors told the court that he used the stuff and never got drunk on it. His case was continued pending an analysis of the concoction.

Majors was released on bond. He was represented by Attorney W. P. Woolls.

Irish Rally Sunday

Affair in Richmond Theater Sunday Afternoon For Irish Republic

The first public rally ever held in Alexandria for the recognition of the Irish republic will be held at three o'clock Sunday afternoon in the Richmond Theater. The rally will be open to the public and all persons interested in the cause of Ireland are cordially invited to attend.

The following are scheduled to make speeches: Rossa F. Downing, of Washington, Miss Ruth Cunningham, of Richmond, and Daniel C. O'Flaherty, of Richmond. The meeting will be for both men and women.

Mr. O'Flaherty is former head of the Shriners in Virginia, and is national secretary of the national association of the Friends of Irish Freedom.

The local committee in charge of the plans expects that a big crowd will be on hand to greet the speakers.

Deaths And Funerals

Mrs. Blanche Graham Otterback died Monday at her home, 3529 13th street, northwest, Washington, and the funeral was held from the residence at 2 o'clock this afternoon. She is survived by her husband, Philip Otterback, and one son. She was a daughter of E. C. Graham, formerly of this city, and a sister of Robert M. Graham, of Rosemont.

The funeral of Mrs. Sarah M. Baumgardner, who died Monday, took place this afternoon at 2 o'clock from Christ Episcopal Church. Services were conducted by Rev. Dr. W. J. Morton, rector, and burial was in Bethel cemetery.

Funeral services for Mrs. Mary Brooks were held this morning at 11 o'clock from Demaine's mortuary chael and conducted by Rev. Edgar Carpenter, rector of Grace Episcopal Church. Burial was in Bethel cemetery.

The funeral of Mrs. Margaret Scott, who died yesterday at 415 South Fairfax street, will take place at 9:30 o'clock Friday morning from St. Mary's Catholic Church. Burial will be in St. Mary's cemetery.

Handwriting Experts

From Washington And Baltimore Testify in Adams Will Case

Prominent handwriting experts from Washington and Baltimore today are testifying in the contest to set aside the will of the late Lewis M. Adams. This has been the principal testimony submitted to the jury at the session of the circuit court today, Judge S. G. Brent presiding.

Among the noted experts are Mr. Malone, of Baltimore; J. Herbert Taylor, Washington and Alexandria; James M. Green and Police Inspector Grant of Washington and Capt. Harvey Gibbon, of Washington, D. C.

It is hardly thought that the case will be finished today.

EMPLOYED IN ADVANCE NO COLONIAL TROOPS

Paris, March 9.—Less than 25,000 troops were used in carrying out the occupation of additional German territory, under the decisions reached at London, effected yesterday, it was stated at the French Foreign Office yesterday afternoon.

No colonial forces and no negro what ever were included in this number, so that the Germans would have no basis for criticism on this ground, it was explained.

The occupation was completed without friciton, the Foreign Office announced, and the troops had been ordered to observe discipline in the new area, treat the population courteously and avoid any cause for trouble.

THE GRIP EPIDEMIC AND HEALTH OFFICER

Gazette's Report That Grip Exists Backed by Leading Physicians

BOTH SIDES GIVEN

Health Officer Characterizes Report as Absurd—Physicians Tell of Large Number of Cases Existing Here

How many cases of grip are there in the city?

The Gazette on Monday published a statement to the effect that "according to report" there are more than 800 cases of grip prevailing at the present time. In conclusion it said: "The epidemic is now on the wane according to reports."

This statement was obtained from sources that the Gazette believed authentic and still believes to be authentic. The Gazette, however, did not make a positive statement that there are such a number of cases but "according to report," simply said.

Dr. L. E. Foulks, the city health officer, takes exception to the statement, and today accosted a representative of the Gazette and in part had the following to say:

"The report that there are 800 cases of grip in the city is absurd and without any foundation whatsoever. There are a number of persons suffering from colds here." The doctor said he was not able to say how many are suffering from colds.

The Gazette afterward called up over the telephone several of the city's leading physicians and ascertained that there are a large number of cases of mild grip in the city and an epidemic of colds. These statements are interesting when compared with the statement made by Dr. Foulks in the presence of witnesses this morning. Anyhow, the Gazette feels convinced that it was warranted in making the statement, otherwise it would never have published it.

The Gazette quotes some of the physicians as follows:

Dr. Samuel B. Moore: "In my opinion there are betwen 600 and 700 cases of mild form of grip in the city."

Dr. Walter A. Warfield: "In my opinon there are about 500 cases of mild form of grip in the city."

Dr. Hugh McGuire: "There are a large number of very mild cases of grip existing in the city. The report that there are about 800 I think is highly exaggerated."

Dr. Llewellyn Powell: 'I have sen a great number of cases all of a mild form of influenza."

Dr. Edward A. Gorman—"I have treated a large number of cases of a mild form of grip recently. I could not give an estimate of the number of cases of grip existing here.

A physician who refused to permit the use of his name said: "There is an epidemic of grip in the city of Alexandria; I have not seen anything but grip in all of the cases I have been called to treat for the past three weeks.

Several other phyiscians were called on the phone, but some refused to be quoted and some were not in. Two of them stated that they had treated a large number of cases of grip in the city.

Now you have the statements of the health officer and these physicians and the report published in the Gazette. Take your choice.

From the above it would seem to indicate that the Gazette report has some foundation despite Dr. Foulk's statement to the contrary.

NOTICE

The flushing of the mains of this company will begin on Wednesday, March 9, and continue daily on Wednesdays, Thursdays and Fridays, between the hours of 8 a. m., and 4 p. m., until completed. In order to occasion the least inconvenience to our consumers, the flushing will be done gradually and extend over five or six days. Consumers are requested to keep their spigots closed and not to draw water from the mains during the hours of flushing.

MEMBERSHIP DRIVE TO END TOMORROW

Chamber of Commerce Committee to Submit Reports at 3 P. M.

42 NEW MEMBERS

Officials of Body Are Gratified Over The Large Number of Persons Who Renewed Their Membership

The drive for members of the Chamber of Commerce was resumed today by a committee of business and professional men. The work will be completed by 5 o'clock tomorrow afternoon at which hour the committee in charge of conducting the drive will submit a report on the total number of memberships received by them as a result of the canvass.

The committee up to yesterday afternoon, as already stated in the Gazette, has received a total of 395 memberships. This number was considerably increased today. Included in the list is exactly forty-two new members, the others being renewals of old memberships.

Officers of the chamber feel gratified over the fact that the committee was able to secure such a large number of new memberships. The Chamber of Commerce is now operated along a firm and substantial basis and there is every indication that the coming year will be almost successful one for this organization. The membership campaign committee for 1921 is composed of the following:

W. A. Smoot, chairman; O. H. Kirk, R. S. Jones, Carroll Pierce, S. C. Cropley, Geo. E. Warfield, J. Y. Williams, B. Weil, C. W. Fletcher, Capt. G. H. Evans, Geo. D. To Enlarge Quarters

Old Dominion Boat Club Plans More Commodious Quarters

The Old Dominion Boat Club must enlarge its quarters. This was the decision reached by the club at its recent meeting. The increase in membership within the past eighteen months has been phenomenal, and the lack of space to house the canoes of members makes this action imperative. Special committees consisting of Dr. J. T. Ashton, C. Fletcher Dyson, G. H. Wingate and J. S. Douglas, Sr., were appointed to investigate and submit recommendations.

A called meeting of the Board of Governors was held last night to hear the report of these committees.

A further meeting will be held in the near future to formulate and decide on a definite plan to be presented at a called meeting of the club.

At a recent meeting of the club the following new members were admitted: C. E. Dorsette, 517 Cameron street; George B. Vest, 107 North North Fairfax street; Frank J. Latham, 1000 Prince street.

BOOST LICENSE FEE LAWYERS & DOCTORS

City Council to Borrow $25,000 For Water Set at Gas Plant

REFUSE TANK PERMITS

Resolution to Improve Space Around Confederate Monument and Make Plot a Circle

Common council last night at its meeting boosted the license fee for lawyers and physicians from $50 to $100 They also fixed the license of bakers as follows: Out of town steam bakers, $100; steam bakers in the city $75 and small bakeries $35. Before doing this a conference committee consisting of Councilmen Lawler and Ruben was named to confer with a committee from the board of aldermen and they reached a satisfactory agreement on the increase for the lawyers and physicians.

Resolution that the city borrow the sum of $25,000 for installing water gas set at the city gas plant and also for other necessary expenses of the plant was adopted.

Councilman McCaffrey introduced a resolution that no one be eligible to office in the city council under the provisions of section 121 of the Virginia constitution. It was referred to the committee on general laws.

Resolution of Councilman Baggett to prohibit parking on the east side of Columbus between King and the alley in the rear of the Fairfax apartment was referred to the street committee.

Adverse reports were made on resolutions for gasoline tanks for A. B. Ale at 308 South Alfred street and for one on the west side of Alfred between King and Prince streets.

Resolution of Councilman Lawler appropriating $850 to change the coping at the confederate monument at Washington and Prince streets and place around the monument a circle, which has been arranged for by city engineer E. C. Dunn was referred to the committee on streets and finance. Mr. Lawler explained the scheme adopted by the city engineer would greatly beautify that place.

The city school board petitioned council for an increase of $10 a month in the salaries of the public school teachers and it was referred to the joint committee on schools and finance It will require an appropriation of $3100 it was explained. The proposed increase is to date from February 1.

The light committee reported favorably for additional lights on North Columbus street, and its report was adopted. They recommended one more light at Wythe and Columbus street and one at Montgomery and Columbus streets and request the light company to place all other lights in the center of the street. The question of placing all lights in the centre of the street will be taken up with the lighting co., Councilman Wattles chairman of the light committee, stated. The report afterward was amended by Councilman Lawler that one light with increased candle power be placed at Washington and Wolfe streets in place of the two lights now at the corner.

Councilman Downham stated that the city should see that it is getting the candle power they require and that the lights be inspected. He directed attention to the many wires scattered over the city and said they should be looked after. Mr. Downham also called attention to the condition of the city hall building, favoring improvements.

Other matters presented follow: The sum of $55 appropriated for electric fixtures in city hall building; petition of J. D. Knight for improvements on 300 block South Royal street referred; $400 appropriated for sewer on the north side of Wilkes east of Royal street; $550 appropriated for sewer on Queen east of Royal street; petition of H. F. Chichester for improvements at 411 North West street referred to street committee; resolution of Councilman Kaufmann to secure bids for painting and placing curtains in both chambers of city council referred, resolution of councilman Sullivan appropriating $1250 for purchase of new car for the chief of the fire department, referred to fire and finance committees; $65 was appropriated for work of painting exterior of north end of city hall.

MRS. M. D. PENDLETON FATALLY INJURED

Her Husband Rev. W. G. Pendleton Aiso Injured In Auto Smash

MACHINE FELL 50 FEET

Goes Over Bridge at Lynchburg Late Last Night — Mrs. Pendleton's Body Will Be Buried Here.

Mrs. Maria Dawson Pendleton, a former resident, wife of Rev. William Gibson Pendleton, was fatally injured and her husband was badly injured in an automobile accident near Lynchburg, Va., at 11 o'clock last night. She died at an early hour this morning in Lynchburg without having regained conciousness. Her husband is still confined to the hospital suffering from injuries. He will recover.

The machine which was driven by Rev. Mr. Pendleton ran off the side of a bridge near the Episcopal School at Lynchburg and fell a distance of about fifty feet. Students at the school heard the crash and came to the assistance of Rev. Mr. Pendleton and his wife and they were treated by Dr. A. W. Terrell of Lynchburg.

Mrs. Pendleton is survived by her husband together with two brothers, S. Cooper Dawson of Seminary Hill, Fairfax county and Philip Dawson of Lynchburg, Va.

The deceased was a native of Seminary Hill and daughter of the late Mr. and Mrs. Nicholas Dawson of Seminary Hill.

The body will be brought here at noon tomorrow and the funeral will take place at that hour from the union railway station. Services will be conducted by Bishop Jett of Lynchburg and Rev. Dr. S. A. Wallis, rector of Braddock Chapel, this city.

Interment will be in Ivy Hill cemetery.

RUSSIAN REVOLT NEAR DECISION

Bolshevik Power Wavering; Rebels Need Food and Supplies

RISE AGAINST DRAFT

Revolt Leaders Reported Victorious and Planning to March to City—Soviet Relie on Fortress

Paris, March 9.—Final decision in the counter revolutionary struggle in Russia is now only a question of hours, according to the latest official dispatches received at the Quai d'Orsay. These messages state that the situation of the soviet government is extremely critical, but that the revolutionists are not in a much better position.

According to a highly placed French official, it is a question which side will be able to hold out a quarter of an hour longer than the other. If the rebels are able to secure food and supplies through Finland, they have a chance to triumph, but if they are unable to do so, then success of the soviet authorities is believed to be assured.

The Bolshevist leaders are now stated to be frankly admitting the seriousness of the revolutionary political strikes. The dangerous out break in Moscow has been momentarily checked and the Petrograd Moscow Railway is still working, but a resumption of this movement is anticipated with fear.

London, March 9.—The Petrograd workmen are revolting against forced mobilization and have attacked the soviet troops, says a Helsingfors dispatch to the London Times. The soviets after street fighting took possession of the greater part of the city.

The revolutionary leader Kozlovski is completely victorious, the dispatch adds, the artillery having silenced the minor forts, and is preparing to march on Petrograd. He has issued a proclamation to the effect that he is in a hurry to save the population from the oppression of a tyrannous clique.

The Krasnoya Gorko fortress is directing its fire against the Moscow Petrograd railway line, says a dispatch to the Central News from Helsingfors.

Reuter's Helsingfors correspondent says it is reliably reported that Bolshevik infantry attacked Kronstadt yesterday morning, but were repulsed with heavy losses. The bombardment continued throughout the morning. The gun flashes of the Systerback batteries shelling Kronstadt were plainly visible at Terioki during the night. Finnish troops are massing on the frontier.

Eight ships of the Baltic fleet participated in the bombardment of Petrograd, says a Riga dispatch to the London Times. A panic ensued among the Red troops and Communists. The whole garrison at Oranienbaum, consisting of five regiments, deserted to the revolutionaries after shooting all regimental commissars and Communists, and also captured two ice breakers between Petrograd and Kronstadt.

Riga, March 9.—The fortress of Krasnoya Gorko, which is reported to have joined the revolutionists, was relied on by the soviet government to quell the Kronstadt uprising. The soviets had threatened to blow up Kronstadt from Krasnoya Gorko if the rebels in Kronstadt did not surrender.

Several Red army generals, late dispatches say, have been arrested at Petrograd, Telegraphic communication is interrupted between Reval and Petrograd.

Stockholm, March 9.—Refugees arriving on the frontier of Finland report that railway connections north and south of Petrograd have been cut as a result of the firing on the line from Kronstadt. The fog disappeared from the Finnish shore at 8 o'clock yesterday morning and great clouds of smoke were seen hovering over Petrograd. Some time afterward an airplane was seen to ascend and steer toward Systerbak, the aviator throwing out proclamations and bombs. Explosions of the bombs were seen from the Finnish shore.

TO-DAY'S THOUGHT. Do not think that what is hard for thee to master is impossible for man; but if a thing is possible and proper to man, deem it attainable by thee.

Marcus Aurelius.

Size of Newspapers.

The ideal newspaper, according to our ideas, is apparently a long ways off, to judge by the immense blanket-sheets that now tax both time and patience. With the multiplicity of news-service, the special staffs of correspondents, the long-distance telephone, the telauto-and-photograph that is nearing perfection, the wireless and cable and aero facilities—the world has shrunken in size to a less area than the state of Virginia a hundred years ago. This means that the news served every morning for breakfast includes the doings of a billion people and the happenings in 20 million square miles of territory.

It is too much of a tax on the human mind to attempt the absorption of this world-wide feast of news spread before it. Nor have the methods and ideals of the old-time newspapers much changed. Now, as anciently, the blanket-sheet that can give a hundred lines of scandal in Mindanao, report a brutal murder in Borneo, or publish the birth of a freak in Patagonia, in columns where its rivals have but inches, or no notice at all, plumes itself on the scoop, and tries to excel itself the next day and all the days following. Some of our largest newspapers are mere scavengers of scandal and snappers-up of unconsidered trifles.

Of course there are papers with higher ideals than these. But the general goal is still a long ways off, as stated. A paper of 24 to 40 pages is too much for any man or woman to read and even outwardly digest. It is a foe to concentration of thought and breeds the most careless and slovenly mental habits. It may even be conducive to some of the nervous diseases that are beginning to afflict mankind, especially where population is congested and the day's pace is carried on like the whirling of a squirrel's cage.

We look to see the time when a newspaper will have its brains centered in the rewrite staff. When its brains and energy will be employed in condensing the news to proportionate values. When the front page will give the world's news and another page the local news. When the editorial staff will vitalize the current happenings of the day in words so simple that he who runs may read and understand. When even the advertisements will be written with such skill and interest that half the space now given will tell all the news to the tired housewife.

Much of the sickening funny stuff that now serves to vitiate and lower the taste of the reading public will be eliminated. Much of the other reading matter, known in the newspaper office as canned stuff, or stock copy, serving only to fill up space, will be thrown out and every inch of the paper alive with human interest.

While the day of the perfect newspaper may still be distant, however, there are signs that it is on the way. When the first one appears and the millions of tired and dyspeptic readers behold its tabloid news columns, its pointed editorials, and its distilled residuum of all other matter—there will be a rush for it that will leave its rivals stranded on unfrequented shores. They will follow in self-defense and the world will again go back to a healthier and more normal pace.

Alexandria's Future Foretold!

We wrote yesterday of thirty-three great facts accomplished by the Chamber of Commerce. Today we propose to say a brief word of the future of our city, and of some of the good things our Chamber has in mind. First, let us eliminate from our mental vocabulary the word "impossible." In Today's Thought, we quote the wisest of the old Romans, who says that because a thing is hard for us, it does not follow that it is unattainable. What might be impossible for one man, alone, to accomplish, becomes an easy task for concerted effort by the many. A regiment of soldiers in marching over a bridge is always ordered to break step. A column of men marching in rhythm would destroy the strongest structure of iron and steel ever erected. This fact in the physical world has its analogy in the infinitely greater realm of mind. Rhythm is harmony; harmony is the secret of co-operation. Nothing is impossible for a thousand human minds acting in unison. Identity of thought, identity of purpose, identity of action—these spell achievement in whatever line of human endeavor.

The Chamber of Commerce has outlined in its little pamphlet, mentioned in yesterday's editorial, sixteen objects to be accomplished by that body. These are, each of them, so practical, so simple, so utterly untinged with idealism, that with all our citizens working in harmony, each one contributing whatever talent the Almighty has vouchsafed him, there is not the slightest ambiguity as to the outcome.

If this be true, it means more for Alexandria than even the activities of the late war. It means that we shall increase our population by a natural and healthy increment to perhaps double its present number, within the next three years. It means that we shall be situated on great thoroughfares that will send their arterial streams through our midst, and enrich and replenish our civic system beyond any present measure of computation. That the Maryland shore of the Potomac, even to the Chesapeake, will become a part of our own domain, and pay its daily tribute to our merchants. That the riches of the famed Valley of Virginia will pour themselves into the lap of Alexandria, to be there sorted, and packed, and converted into finished products for distribution to the great markets of the world. That a City Plan, comprehending systematic development of our city for years to come, will some day give to Alexandria world-wide fame as a City Beautiful. That our majestic river, so long neglected in its magnificent possibilities, will again become the tie that binds us to all the ports and marts of all the Seven Seas. That pilgrimages will be made by thousands, all the recurrent years, to Alexandria, as the hallowed shrine of historic America, where liberty first sprang into being in the heroic hearts and minds of great Virginians.

It means that the neighboring coal-fields will pour their dusky treasures into insatiable furnaces, pillars of cloud by day and pillars of fire by night, that will create the wealth that is the inalienable birthright of Alexandria.

To summarize: these things are possible if every man, woman and child in our city will work to make them so! With unity of purpose, unity of thought, and unity of action on our part, they will become realities. We have made this editorial, in part, a vision! But every deed that has ever been accomplished by man, has at first been an ideal in his mind—a vision that first glowed and took shape in his imagination—till his whole intellectual horizon became so filled with the dazzling forms of fancy that he saw naught else by day or night.

If the Gazette had not visualized the thirty-three great facts given life and reality by our chamber of commerce, it would, indeed, have ventured into these fields of prophecy with some hesitation. But what has been done can again be done. We, therefore, bespeak for that worthy body of men upon whose shoulders have rested the burdens of past achievement, that universal confidence and co-operation, which they deserve, and which shall cheer them on to still greater endeavor.

The thirty-facts of the past become thirty-three arguments for the future!

NOT AN ISOLATED CASE

Many Similar Cases in Alexandria and Vicinity

This Alexandria man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

H. J. Duner, policeman 310 North Columbus Street, Alexandria, says: "I have used Doan's Kidney Pills off and on for a good many years and have always had good results. Before I tried them I was troubled a great deal with pains in the small of my back, which were so bad I could hardly bend over sometimes. I had miserable headaches and dizzy spells, too. The kidney secretions passed too freely. I am glad to say that since I have used Doan's Kidney Pills I have been free from all that trouble and have felt a great deal better in every way. I am not afraid of my back hurting. I use a few of Doan's once in awhile and they keep my kidneys in fine shape."

An ordinance for the imposing and collecting of taxes on persons, property etc., within the City of Alexandria, Virginia, for the year commencing on the first day of June 1921 and ending on the 31st day of May, 1922, for the support of the city government the payment of interest on the City Debt and for other municipal expenses

Be it ordained; by the City Council of Alexandria, that the tax on persons and real estate, tangible personal property and stockholders of banks within the City of Alexandria, for the year commencing June 1, 1921 and ending May 31, 1922, for the support of the city government, payment of interest of the city debt, and for other municipal expenses, shall be as follows:

FIRST—On every male, female, inhabitant of the City, over the age of twenty-one years, there shall be levied and collected a capitation tax of fifty (50) cents.

SECOND—On all real estate and tangible personal property owned or held by citizens of the city, or located within the city, subject to taxation for City purposes under the Constitution and laws of this State, there shall be levied and collected the sum of Two ($2) dollars on every one hundred ($100) dollars of the assessed value, and the further sum of twenty-five (25) cents on every one hundred ($100) dollars of the assessed value, provided, that the levies and assessments as given in this section shall not apply to banks, and banking associations in the city subject to State and City taxes, the taxes thereon being hereinafter provided for, as made in section three (3) of this ordinance in conformity to the State Laws regulating the same. The revenue from the two ($2) dollars of said levy shall be collected, paid over to accounted for by the Collector of City Taxes. On all bills paid in full to the Collector of Taxes, on or before Sept. 1, 1921, there shall be allowed a discount of five per centum. All bills not paid in full on or before December 1, 1921 shall be considered delinquent, and there shall be assessed and collected upon the unpaid portion of said bills a penalty of five (5 per cent) per centum, and upon all remaining unpaid on June 1, 1922 damages at the rate of six (6 per cent) per centum per annum shall be paid and collected.

The revenue from the additional twenty-five (25) cents of said levy shall be paid to the City Treasurer without discount upon any portion of the same and on all bills remaining on December 1, 1921, there shall be paid and collected upon the unpaid portion of such bills, a penalty of five (5 per cent) per centum, and on all bills remaining unpaid on June 1, 1922 shall be considered delinquent, and interest at the rate of six (6 per cent) per centum per annum shall be assessed and collected. The assessment of rent charges and ground rents, in fee simple, shall be valued at sixteen (16) times their annual amount.

THIRD—On each stockholder of bank and banking associations in the city and liable to State taxes, there shall be levied upon the actual value of the shares of stock owned by him a tax of one dollar every one hundred dollars value thereof; provided, however, that the Commissioner of Revenue shall deduct from the value of such shares of stock of such bank for the purpose of local taxation only the value of any bonds of this city held by such bank, and each of said banks and banking associations shall pay to the City Tax Collector the said tax assessed to its stockholders.

This ordinance shall be in force from its passage.

Merchants Wife Now Picture Of Health

Restored by Tanlac Six Months Ago Mrs. Triplett Still Feels Splendid—Has Gained 15 Pounds

"Six months ago Tanlac relieved my wife of all her troubles and put her into shape where she gained fifteen pounds and ever since then she has been in the finest kind of health," said Frank Triplett, well-known merchant and farmer living out on the River Road from Schoolfield, Va.

"For a year or more before my wife commenced taking Tanlac," he continued," she had been suffering from stomach trouble and rheumatism. Her appetite was just about gone, and many a time it seemed to me that she actually dreaded to eat. It was always hard for her to retain anything on her stomach and the pains and cramps were nearly more than she could stand. Gas formed so bad that it seemed to shut her breath off.

She was nervous and restless at night, complained a lot of headaches and at times had sudden attacks of dizziness. She lost in weight a great deal and was weak and all run down. Then she was taken down with rheumatism and was down in bed for seven weeks, hardly able to turn over.

"Several of my friends had been telling me about Tanlac and finally I decided to get her a bottle. It was just what she needed and she commenced to pick right up. The pains left her and her appetite came back and she started eating things it would have nearly killed her to eat a short while before. She kept right on getting better until all her troubles were gone and had gained fifteen pounds."

Tanlac is sold in Alexandria by Edgar Warfield, r., and good druggists everywhere.

Prospective Mothers who prepare carefully with Mother's Friend make Child-birth easier.

It is recorded of the primitive American Indian women that child-birth with them was entirely painless.

Modern dress was unknown!

Exacting social duties that wreck so many women of today were a minus quantity in their lives; and so it is small wonder that the weaker sex becomes a prey to misgivings when approaching maternity nears the crisis.

But this should not be—*because*

—the prospective mother can find comfort in Mother's Friend. An external lubricant that spreads its influence over the skin; penetrates to the broad, flat abdominal muscles, and prepares the way for an *easier, quicker and practical delivery.*

A Message of Utmost Importance to Every Woman

The woman, who is suffering from disorders peculiar to her sex, owes it not only to herself, but to her family and those around her to regain her health and strength and charm. Dr. J. Bradfield's Female Regulator is based upon the prescription of an eminent physician, Dr. J. Bradfield, who made the disorders of women his life study; and for half a century women have regarded it a successful medicine for their troubles. Your druggist will promptly supply you with this proven remedy. Try it now. TODAY.

How One Woman Helped Another

Foley Kidney Pills are bought in every state in the Union by men and women on the recommendation of those who already have been relieved of kidney trouble and bladder ailments by this sterling family remedy. Comparatively little advertising has been done for Foley Kidney Pills, yet they are well known, and those who know their splendid healing properties never accept an imitation or substitute for the genuine Foley.

Pains Banished, Health Restored

"In September, 1913, I was stricken with lumbago and was unable to turn myself in bed. I was under the care of a physician but obtained no relief. A neighbor brought me a half bottle of Foley Kidney Pills; and she had been similarly afflicted and they had relieved her. So I tried them, and after taking three bottles was well and on my feet. I most heartily recommend Foley Kidney Pills. I have never known them to fail."—Mrs. G. H. Eastland, Duncan Mills, Ill.

FOLEY KIDNEY PILLS

aid and assist nature. They strengthen and invigorate weak or diseased kidneys and help to keep the blood clean and pure, relieving backache, rheumatic pains, lumbago, stiff or swollen joints, sore muscles, nervousness, nervous spells, languidness and other symptoms of kidney trouble or bladder ailments.

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

SOUTHEASTERN EXPRESS CO TO FUNCTION MAY FIRST

Atlanta, Ga., March 9.—The Southeastern Express Company, recently organized for the purpose of doing an express business in the Southeast, will commence business over the lines of the Southern Railway system and the Mobile and Ohio Railroad on May 1 next, fully equipped. President and General Manager John B. Hockaday announced today.

"It was necessary after placing the stock of the Southeastern Express Company," said Mr. Hockaday, "for the officers to turn their attention to the purchase of equipment, teh organization of its forces, the provision of quarters at different stations and to otherwise prepare to start business. Such progress has now been made that I can now announce that the Southeastern will commence business on May 1 next, fully equipped."

ACCEPTS BANDITS' APOLOGY AFTER THEY LAY HIM OUT

Boston, March 9.—After he had been pummeled, stabbed in the breast and back and robbed of the few dollars he had in his possession, William Rogge, 21, of Medford, accepted the apology offered by his assailants, who explained they had "got the wrong man," shook hands with them and allowed them to depart without even setting up a yell.

Rogge appeared at the Medford Police Station early yesterday and asked for medical attention. The knife wounds in his body were not serious, but nevertheless required attention. He showed a number of cuts and bruises as well. He explained that while on the way home about midnight he was attacked by four men, apparently Italians. He said they appeared very sorry about the "mistake," explaining they were after a man who has quit patronizing their bootlegging establishment. Rogge said he shook hands all around and then walked to the police station.

GIRL WITH GLAND OF MONKEY GAINS 20 POUNDS

Joliet, Ill., March 9.—Mary Zembeck, 19 years old, who was found in a cellar after being hidden by her parents for 17 years, has gained 20 pounds since the gland of a monkey was transplanted into her body. The transplantation of the gland occurred three months ago in a Chicago hospital. Scientists are watching the case as a study for cretinism with which the girl was said to be suffering.

ACCUSED OFFICER MISSING

New York, March 8.—Lieut. Don H. Robb, United States Navy, charged with embezzling funds from the battleship Tennessee, yesterday was reported to have disappeared from a receiving ship in Brooklyn, where he was taken to await the verdict of a court-martial which tried him.

It was charged that his accounts as ship service officer were $2,000 short.

LIFTS NAVY LEAGUE BAN

Washington, March 9.—The ban placed on the Navy League by Secretary Daniels in August, 1917, forbidding its representatives from entering naval stations or shops, was lifted yesterday by Secretary Denby. The restrictions were imposed by Secretary Daniels as a result of friction with the league.

This Enoch Arden Rewins Heart Of Girl Wife on Return From War

Buffalo, N. Y., March 9.—When Benjamin Franklin Reynolds, of Corning, 30 years old returned from war he found that the 15 year old girl he had made his wife the very day he marched away had been married to another man—one who had stayed at home. Unlike the original Enoch Arden, however, Reynolds didn't disappear, he stuck around, and yesterday he and the girl were married again and the second husband was ousted.

During Reynolds' absence his bride became interested in James Merrick. She applied to the courts to have her marriage annulled on the ground that she was under age when the ceremony was performed. The court granted her request. The girl then lost little time in marrying Merrick. In January of last year a daughter, Elizabeth, was born.

Reynolds, in the meantime home from service, did not accept the situation.

He renewed his interest in the girl bride with the result that on February 24 Blanche Anglehardt-Reynolds Merrick applied to Justice Reynolds at Canandaigua for the annulment of her second marriage on the ground that she was not of age when it was contracted. The annulment was granted Saturday.

Blanche came back to Corning met Reynolds and they hied themselves to the City Clerk's office, where they obtained a marriage license. They were remarried by the Rev. Fred Hawley, of the North Baptist Church, who performed the first ceremony.

The bride now admits she knows her own mind—if she doesn't, she has past judicial relief this time, as she was more than 18 years old when she remarried Reynolds.

Harding's Hobby is to Help Down And Out Fellow

Washington, D. C., March 9.—In a short talk last evening at the National Press club's "Hobby Night" entertainment President Harding declared his favorite hobby was to help the fellow who is down and out.

"If there is somewhere a human touch that awakens disappointment into hope," he said, "that is the finest hobby in the world. If in my new responsibility I can in understanding and sympathy and in stern devotion to country find the touch that transforms the disappointments of yesterday into the fruition of tomorrow, then I shall have practiced the dearest hobby to me, in the world."

President Harding in beginning his brief talk, which was filled with phrases common to a printing plant, said he "could not decline an assignment."

"I have always had a reverend regard for these people of the press" he added, "and I confess I have a higher one today than I ever had before in all my life I knew that those who make the newspapers and journals of our land—if there is a distinction—were exceedingly bright and ever alert, and I have lately come to know that they know more than executives, Congress and the cabinet put together, and I have learned from them things I am doing and going to do that I never knew myself."

FOUR KILLED IN CLASH BETWEEN ITALIAN FACTIONS

Rome, March 9.—Four persons were killed, a dozen wounded and 200 arrested as the result of a clash between Communists and Fascisti, or Extreme Nationalists, in Casale Monferrato, says the "Tempo" yesterday.

The Fascisti, who were holding a patriotic demonstration, were fired at from a labor office and returned the fire, forcing the Communists to surrender.

FOR BUDGET PLAN

New Secretary of Treasury Appeals For Economy in Government

Washington, March 9.—Secretary Mellon of the Treasury, in his first official statement, made public last night in the form of a letter to bankers, appealed to "the people generally" to stand for rigid economy in governmental expenditures and urged the immediate establishment of a national budget system.

The new Treasury Secretary in his letter discussed at length the nation's financial condition declaring that the showing made in the last eight months had been "particularly encouraging. There are, however, heavy drains to come on the Treasury this month and next, he said, and these require the flotation of more short term certificates of indebtedness, announcement of which made coincident with the letter to the bankers.

"The nation cannot afford extravagance," Mr. Mellon asserted, "and so far as possible it must avoid entering new fields of expenditures. Figures on current operations of the Government show that the country's finances are sound, but that the situation calls for the utmost economy.

HART, SCREEN STAR, TO MARRY ACTRESS

Los Angeles, March 9.—William S. Hart, two gun bad man of the Western movies, and Jane Novak, one of the beauties of the screen, are to wed, according to reports emanating from the motion picture colony in Hollywood yesterday. Miss Novak has played opposite Hart in several of his later productions.

The announcement of their engagement came as something of a surprise even to their utmost intimate friends. The wedding, it was stated, will not take place before autumn because Miss Novak's decree of divorce from her former husband will not be fully effective for several months. The Harts probably will pass much of their time on Hart's ranch in Montana.

U. S. FOUND VERY "WET;" ALAS, NOT WITH "HOOTCH"

New York, March 9.—Immigrants arriving here yesterday decided this talk about America being "dry" was all wrong, because no sooner had they reached quarantine than they had officially presented to them neat little pint bottles.

But it wasn't "hootch." It was a concoction based on kerosene, which is to the "cootie" what chlorine gas was to the Germans. On the bottles were directions to apply externally, in one bathtubful of water.

There were many foreign signs of disappointment when the newcomers found that instead of encountering unexected hospitality they had bumped into the latest device for barring possible typhus carriers.

CARDINAL GIBBONS FAVORS DRIVE FOR IRISH RELIEF

New York, March 9.—Cardinal Gibbons, in a statement made public here yesterday, indorsed the campaign of the American committee for relief in Ireland.

"Contributions will have the satisfaction of knowing their money is relieving destitution and bringing comfort and consolation to the women and children of a race that has itself always been preeminently distinguished by generosity and charity," said the statement, which called attention to the Irish soldiers of the American revolution, and added that "the whole Catholic Church of America is most deeply indebted to the Irish people."

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflamation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

STOP ITCHING SKIN

Zemo, the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

If You Tire Easily and Feel Run Down, You Need the Best Blood Tonic You Can Get, Which is Gude's Pepto-Mangan

All over the United States the health of the people is guarded carefully by Boards of Health. Everything is being done with untiring effort, to prevent the spread of infectious diseases. And yet with all that care and watchfulness a disease sometimes breaks out in a family, and spreads from home to home. One can never tell when an epidemic will break out.

There is one safeguard that is preached by all physicians. That is to keep in good physical condition—to keep vigorous and in good health.

Gude's PeptoMangan builds up the blood by increasing the number of red corpuscles. That is what makes blood rich and red. When your blood has plenty of red corpuscles, it is able to fight disease germs and carry them off.

If you do not feel right (and you know better than anyone else about that) start today and take Gude's Pepto-Mangan. Keep on taking it for a while and notice how much better you feel.

Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer, and be sure it is genuine "Gude's Pepto Mangan." The name "Gude's" is on the package.

Who says "Breakfast is Ready?"

The clock may say it—custom and habit may say it—but how about the bodily needs, that are to be provided for as the day's work begins?

Grape-Nuts

is a "good morning" food. Its flavor charms the taste and its nourishing qualities sustain the body without burdening the stomach. Grape-Nuts is the perfected goodness of whole wheat and malted barley, and when it is on the table, *breakfast is ready.*

Ford

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price, a further reduction in price of either the car, truck or tractor is out of the question. In fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
